# Control4® 7" Portable Touch Screen with Camera

Control4® 7" Portable Touch Screen with Camera C4-TSMC7-EN-BL (Black)
Control4® 7" Portable Touch Screen with Camera International C4-TSMC7-INT*

The Control4® 7" Portable Touch Screen with Camera delivers always-on, dedicated system control in a sleek tablet form-factor that works as a portable or a tabletop touch screen for ultimate control and flexibility. The 7" Portable Touch Screen with Camera features full-motion video intercom and the fidelity of wideband audio intercom for crystal-clear communications and control throughout a home or business. Intercom is optional and may be activated with the purchase of an Intercom License (C4-Intercom-E).

- Easily configured as a true portable or as a tethered tabletop for flexible installation.
- Integrated camera with full-motion video for high-quality video communications with a Door Station and 7" In-Wall Touch Screen with Camera.
- Integrated speakers and dual microphones with beam forming and G.722 wideband audio for uncompromised high-fidelity sound.
- Audio intercom integration with the following in-wall touch screens: 5" In-Wall Touch Screen (C4-TSWMC5-EG-XX) or 7" In-Wall Touch Screen (C4-TSWMC7-EG-XX).
- Full-color, capacitive LCD touch screen control along with 4 hard programmable buttons offers convenient fingertip control.
- Wired and wireless connections through Wireless-N and 10/100 BaseT Ethernet.
- Flexible power options with AC power supply adapter, Power over Ethernet (PoE) or internal battery.

*Includes power supply adapters for UK, EU, AU
