

P200

Mobile Data Collection terminal with Android Operating System

Description

P200 is ZKTeco's new multi-functional mobile data collection terminal, with Android 2.3.7 platform, integrated fingerprint sensor or RFID module.

With an elegant, ergonomic design, a 4.3-inch touch screen display, and added features such as Wi-Fi, TCP/IP, USB and internal battery, it offers a variety of identification and information management solutions.

Available with a complete middleware solution, this terminal not only focuses on time management, but due to its Android Operating System, P200 can help you develop infinite types of applications in a comfortable and intuitive way, with the possibility to develop different solutions for a wide range of sectors in the vertical market.

Thanks to its flexible technology, using ZKProto SDK, ZKProto Server, or EDK/ZDK, P200 can be applied to three main business model solutions:

System Integration: Allowing integrators to connect P200 with third party applications and software solutions.

Platform Development: Providing developers with all tools necessary for developing applications to upload onto the P200, and correlate with software and server synchronisation application, to create their own unique in-house solution.

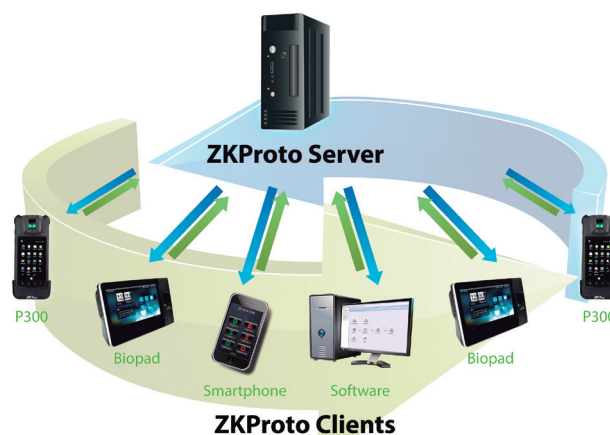

System Installation: P200 offers installers an easy network solution setup - a desktop or wall mounted terminal with ZKTeco's own Time Management application (PC-based or Cloud), with all relevant communications and synchronisation options.

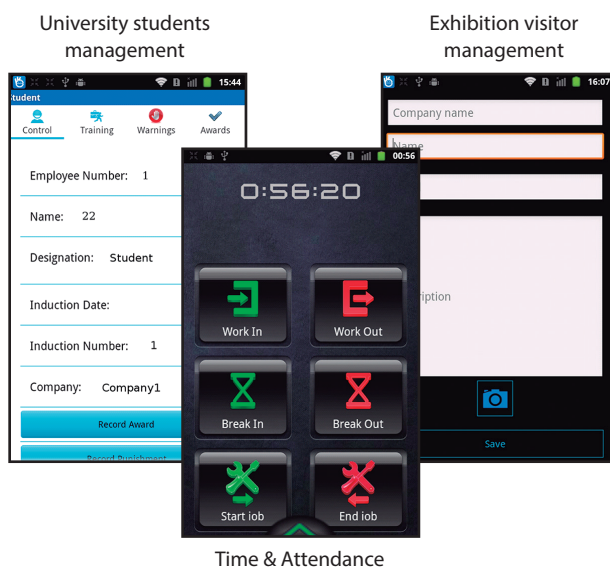

Vertical Applications (Android)

- ✓ Time Management
- ✓ Job Costing
- ✓ Conference management
- ✓ VIP identification/Fidelity Systems
- ✓ Inventory and Warehouse management
- ✓ Canteen management
- ✓ Exhibitions Visitor management

Specifications

CPU:	1 GHZ
System:	Android 2.3.7
RAM:	1 GB
Flash:	4 GB
Display:	4.3-inch Touch Screen
Camera:	5 Megapixels
Verification Modes:	Fingerprint, Password and ID Card
Standard Functions:	ID Card, 2G SIM Card, Integrated Backup Battery and Camera
Optional Functions:	13.56 MHz Mifare Card, GPS, Internal TF Card
Communication:	TCP/IP, USB-host/OTG, Wi-Fi / Optional: GPRS, 3G (WCDMA)
Power Supply:	External Power Supply (DC 5.5V / 2A) / Rechargeable 4.100 mAh Backup Battery
Operating Temperature:	0° C - 45° C
Operating Humidity:	20 % - 80 %
Dimensions:	179,8 mm. * 84 mm. * 47 mm. (L * W* H)
Net Weight:	443 G.
